## ABOUT ORANGE COUNTY SC

2021 USL Champion Orange County Soccer Club is Orange County's only professional soccer team and a part of the United Soccer League (USL), the fastest growing Division II professional soccer league in the world comprised of 27 teams across the United States.

The team plays their home games at the Orange County Great Park's Championship Soccer Stadium located in Irvine, CA. Nestled right in the heart of the Great Park, the Championship Soccer Stadium has a capacity of over 5,000 for Orange County SC matches.

Orange County SC was one of 12 founding members of the USL during its inaugural 2011 season. The predecessor club, Orange County Blues, were the 2015 Western Conference Regular Season Champions and reached the Western Conference Semi-Finals of the USL Playoffs in back-to-back seasons. Orange County SC won the Western Conference Championship and reached the USL Cup semi-finals in 2018. In 2021 Orange County SC won its first USL Championship defeating the Tampa Bay Rowdies by a score of 3-1.

Team owner and Chief Investment Officer of LARO Properties, James Keston, purchased and rebranded the team in 2017. Keston actively oversees all operations of the team and is dedicated to providing a pathway to professional soccer and a world-class soccer organization that focuses on the fans, players, and youth clubs of Orange County. In December 2019, Orange County SC entered into a strategic partnership with Rangers FC from the Scottish Premier League.

## ABOUT USL CHAMPIONSHIP

The USL Championship is one of the most successful professional soccer leagues in the world, reaching a population of more than 84 million and fueling the growth of the game across North America. Sanctioned by the U.S. Soccer Federation as a Division II professional league, The USL Championship includes a membership of more than 27 clubs across the United States and Canada.

Through the USL Championship headquarters in Tampa Florida the league's clubs are provided with unparalleled support with a growing team of more than 50 professionals across 17 departments, ranging from operations to marketing, communications and sponsorship.

The USL Championship has a national media partnership with ESPN, wherein all league matches are broadcast on ESPN+, ESPN3 and across linear channels. The league also operates USL Productions, which includes a state-of-the-art facility that produced and distributed more than 500 league matches and more than 1,000 hours of original content to national partners, local affiliates and international markets throughout the 2018 season.

## HISTORY

The USL Championship was formed when two existing professional leagues were combined into a single league property before the 2011 season. The league was designed to help ensure the long-term stability of professional soccer in North America and featured 12 teams in a pair of six-team divisions during its initial campaign. Among the league's founding members were five longtime USL clubs with more than 100 years of operation among them: the Charleston Battery, Harrisburg City Islanders (now Penn FC), Pittsburgh Riverhounds SC, Richmond Kickers and Rochester Rhinos.

Over the course of the current decade, the sophisticated business model that provides the foundation for the USL Championship has allowed the league to grow into the largest professional soccer league in North America, with more than 27 current members that include world-class ownership groups. The league's current club owner's also hold stakes in teams that compete in the National Basketball Association, Major League Baseball, the National Hockey League, Minor League Baseball and the NBA G-League. In January of 2017, after a thorough application review process, the U.S. Soccer Federation granted the USL Division II status beginning in the 2017 season, recognizing the significant investment and high level of operating excellence within the USL Championship and its member clubs.
